The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines on a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such *professional* endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

THE POPE'S ENCYCLICAL.

The Pope's encyclical to the archbishops and bishops of France prescribing their attitude with regard to the church and state separation law attracts widespread attention in Paris, and its probable effects are the subject of animated discussion by the press and public, and particularly by the clerical and official classes responsible for the execution of the law. A pontifical messenger arrived in Paris yesterday morning bearing the document to Archbishop Richard, who soon afterward gave out the document for publication. The entourage of the archbishopric summarized their views in the following words: "The Pope has spoken, and we bow with submission and joy to his instructions."

While this reflects the general attitude of the hierarchy, yet a considerable element among the clergy receives the decision by the pontiff with disappointment and regret as being likely to inaugurate an era of religious strife. The decision causes serious confusion with regard to the practical carrying on of churches. The new law lays down specific provisions concerning the organization of cultural associations, but the Pope's decision appears to make it impossible for the clergy to conform to the law.

At the archbishopric it was stated yesterday that no steps have yet been taken to insure the continued operations of churches. It is understood that the encyclical was accompanied by instructions concerning the means the hierarchy should adopt.

The view generally prevails that the Vatican seeks to create a situation compelling the government to enter into negotiations for some form of church organization that will be acceptable both to the church and to the State. However, there is no indication of the government's willingness to move in that direction.

The government journals strongly disapprove of the encyclical.

Attempted Assault.

William Wright, aged 53 years, colored, was arrested yesterday at Arlington, Md., on the charge of having attempted on Monday afternoon to assault Mrs. Theodore Anders, of Pimlico road, near the Falls road, while she was alone in her home. The prisoner confessed his guilt.

The attack on Mrs. Anders was a most brutal one, and its object was thwarted through the woman's superior strength, by which she succeeded in breaking from the negro's grasp and running away to a neighbor's house. According to the statement made by Mrs. Anders to the police, the negro appeared at her home at 5 o'clock in the afternoon and said that her husband was wanted at the Rock Bleach and Dye Works. As soon as Mrs. Anders got near the negro, she says that he grabbed her. The woman, who is strong and muscular, broke the negro's grasp and ran into the house and locked the door. The negro battered down the door and again secured Mrs. Anders in his grasp and made threats as to what he would do if she further resisted him.

The woman again broke from the man's grasp and ran screaming to the house of Harrington Hook, about 300 yards away. The negro followed, but as someone appeared in Mr. Hook's doorway, he changed his course and ran into a nearby woods.

Mrs. Anders was prostrated by her terrible experience.

Decline of Depew.

Mr. Depew's condition is worse than many of the reports allege. At a New York bank—an institution that helped him out with a loan when the life insurance disclosures compelled a swift return of large sums he had received for investment in the town of Depew—it is common talk that he is a complete wreck. He sits by the hour in unbroken reflection upon the fallen monument of his reputation. The attendants do not break in upon his musings—not even when meal time comes.

Of late Mr. Depew has developed a habit of talking to himself. As soon as he gets out of earshot of the attendant, who never permits him to get out of sight, he begins to harangue imaginary audiences or to debate with imaginary companions; and the themes are not, as might be expected in the case of an ordinary man under great mental pressure, topics afflicting him, but remote subjects—some of them dating back to the days and nights of oratorical triumph on the stump or at public banquets.

It is a sad wreck—the saddest in the history of modern public men of this country, and all the sadder because Depew seems to have been made a scapegoat by less scrupulous persons with thicker skins.—[New York Commercial.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Assaulted by a Negro.

A special to the Columbia, S. C., State from Greenwood says a posse of 1,000 men is pursuing "Bob" Davis, a negro, who yesterday attempted to criminally assault Miss Jennie Brooks, the 20-years-old daughter of J. P. Brooks, a merchant and farmer near Columbia. Brooks had absented himself temporarily leaving the young lady in charge of the store. The negro, after making some purchases, grabbed up a meat knife and said: "You are what I want." The young woman made an attempt to defend herself with an iron bar, whereupon the negro slashed her across the throat, making a gash four inches long, and almost severed two of her fingers. If caught he will probably be lynched. Davis's brother was lynched 12 years ago for assaulting a white woman.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, AUG. 15, 1906.

SERIOUS TROUBLE is likely to result in Brownsville, Texas, and vicinity by the murderous action of negro soldiers in that place. As was stated in the Gazette's telegraphic dispatches, the negroes evidently angered because of a search made among them for a negro who attacked Mrs. Leon Vans, at her home in Brownsville Monday night, and who, she asserted, was a soldier, members of a battalion of negro federal troops stationed at Fort Brown, entered Brownsville yesterday, became unruly and fired several volleys down Main street. As a result, Frank Natus, a barkeeper, is dead, and Policeman Domingo is wounded, his arm and hand being shattered by a bullet. His horse was shot from under him. Representations have been made to the Governor and a request has been made that the negroes be removed immediately to avoid further trouble.

THERE HAVE been a series of destructive storms in different portions of the country during the past few weeks. In many places considerable damage has resulted from lightning, and a number of persons have been killed and injured by the electric fluid. A recent flood in west Texas has piled up damage in the Southern Pacific property estimated at $2,000,000. Twenty miles of track between Langtry and Samuels has been washed away, and forty culverts, stone piers and bridges have been destroyed. In many places the water has cut ditches over twenty feet deep, and ten miles of heavy rails have disappeared as if swallowed by the earth.

IT LOOKS more and more like a republican split in Iowa. Time brings no healing to the party wound. The "stand-patters are willing to wreck the party they can no longer control. Perkins's newspaper and other papers in Sioux City, Cedar Rapids, Des Moines, Burlington and Council Bluffs give no support yet to Cummins, but are very complimentary to Porter, the democratic candidate. The split in the republican party started by the tariff revision wedge is widening.

REV. A. S. GREGG, secretary of one of the reform leagues at Saratoga, N. Y., was at the race track yesterday afternoon. It is said that he invested $1 on the result of the steeplechase. His horse was beaten, and he now says he will personally appear before Gov. Higgins and demand that all betting at Saratoga be stopped.

THE faction of the republican party of Texas known as the "reorganized" yesterday held its State convention at Houston. E. H. R. Green, president of the Texas Midland Railroad and son of Mrs. Hetty Green, of New York, was nominated for governor. The nomination is about as far as he will get toward the governor's chair.

THE republican congressional convention of the Tenth district of Tennessee has gone on record with a demand upon Theodore Roosevelt to become the republican candidate for President in 1908. They say that Roosevelt is the only candidate that can possibly defeat Bryan. The republicans are becoming desperate.

TWO thousand divorces each year has been Chicago's average for the last two decades, according to G. M. Pond, of the United States Census Bureau, who is in charge of the taking of the "divorce census." This shows a serious condition of affairs which seems to be growing worse.

MR. ROBERT GARRETT was nominated yesterday as the republican candidate for Congress in the Second Maryland congressional district. He will surely be defeated by Mr. Talbott, the democratic nominee, who for years past has well and faithfully represented that district in Congress.

A DISPATCH from St. Petersburg says "the police think they have broken the revolution." A revolution broken by police could not have been a very serious affair, but those who send dispatches from Russia try to magnify mole hills into mountains.

SPEAKER CANNON is getting bold and, defying the labor black list, says he is so certain of re-election that he will not canvass his own district.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Aug. 15.

President Samuel Gompers, who is the head of the American Federation of Labor's fight to obtain for labor sympathizers seats in the next House of Representatives, was busy today putting the finishing touches to his plans of campaign, and tomorrow will go into the field for active service, making Representative Littlefield, of Maine, the object of his first attack. He has planned a week of strenuous work in Mr. Littlefield's district. On Saturday night, the 18th, a big mass meeting will be held at Lewiston. Following that demonstrations have been arranged for Rumford Falls, Livermore Falls, Bath, Waldoboro, Rockland and Vinalhaven. These meetings will take up the time of President Gompers until Saturday, the 25th. He will be the principal speaker at all of the meetings. Accompanying Mr. Gompers will be Organizer Stuart Reed, and it is possible that John Mitchell, President of the miners' organization, and other members of the federation's executive committee will make speeches during the week. Mr. Gompers says that reports from the various labor organizations in the Littlefield district are most encouraging and that he has been promised large and enthusiastic gatherings at each meeting. After the week's campaign in the Maine district, President Gompers will go to Keene, New Hampshire, for a stay of several days and on Labor Day he will speak in Rutland, Vermont. There he will urge the defeat of Representative Foster who stepped on the toes of organized labor when he proposed in the last session of Congress to let down the Chinese exclusion bars just a little. As a counter attraction the republican managers have arranged with Speaker Cannon for a week's speech making tour of Representative Littlefield's district in Maine. He will appear the next week after the Gomper's tour.

Secretary of the Navy Bonaparte has received the report of the board of naval officers pointed by him last week to make a thorough investigation of the charge that bad meat was being furnished the navy by the meat contractor in New York City. The board found that while there has been some cause for complaint against the meat furnished since July 1st, 1905, the date when the present meat contract went into effect, most of the bad meat was supplied by the former contractor during June It is the opinion of the members of the board that the stories about poor meat being supplied the navy at the New York Navy Yard had been greatly exaggerated. The board found days during July and this month when an inferior quality of meat had been furnished by the contractor, but attached no criminality on the part of the contractor to this fact. More rigid inspections of meats and other supplies for the navy is recommended by the board, and Secretary Bonaparte has approved the recommendation.

The Interstate Commerce Commission issued an order this morning calling upon all railways engaged in interstate commerce to report to the commission before September 1 the total number of freight cars owned on August 1 together with the number of such cars equipped with air brakes. The purpose of the order is to ascertain what progress has been made in equipment since October 1, 1905, at which time it had been advised that 88 per cent. of all freight cars in the United States were equipped with air brakes.

Acting Secretary of the Interior Ryan today directed that the irrigation authorities to continue the work on the Corbet tunnel and the Shoshome dam, both engineering works in the Wyoming reclamation project. The contractors for these two works failed, and the government seized their materials.

There is every indication that as soon as the Interstate Commerce Commission is reorganized, after August 28 it will be engaged in a titanic battle for supremacy with the railway corporations of the United States. The first struggle will be over certain desired modifications in the new law which the railway corporations insist are absolutely essential to their present and future well being. A high railway official is authority for the statement that a test case will be made out as soon as the new commission has been installed and that the Supreme Court will be given an early opportunity to pass upon those provisions of the new law that are especially objectionable to the railroads. This is the principal reason for the conference now being held at Atlantic City by railway counsel and traffic managers. The railroads have been insisting for some weeks upon three important modifications. They have appealed to the present commission, but the petitioners have been notified that the request was one that could only be passed upon by the new commission. These three requests are before the railway conference at the seashore and they are as follows: "That a longer time is necessary than will intervene before the new law takes effect to prepare and print rate schedules in conformity with the amended statute. 2 That the requirement of thirty days' notice of change in rates be modified so as to permit changes in export and import rates on such short notice as may be necessary to meet the competition of foreign carriers. 3. That in the case of joint tariffs which are usually issued by the initial carrier, the terminal charges for storage, switching, etc., be published and filed by the delivering roads. Another cause for serious legal contention will be the two cent fare law in Ohio. The commission received word today that there was en route a report from the Ohio Railroad Commission inquiring as to the right of railroads to evade the two cent fare law of that Statee by excess charge outside of that State. An answer will be sent requesting that the papers be not filed until after the new law becomes effective and the commission reorganized. It may be that this case will be one of the first upon which the Supreme Court will be asked to pass judgment.

On the offers of silver made to the Treasury today, it is announced that the Secretary has purchaced 50,000 ounces at 66.62 cents per ounce, to be delivered at New Orleans. The price was the lowest of four bids received today, and was a little more than one cent above the market price at the time the government announced its intentions last week of purchasing silver.

At a meeting of the Jamestown Exposition Commission today a delegation representing the Negro Development and Exposition Company requested that of the $100,000 appropriated for their exhibit $30,000 be set aside for a building to be designed by representatives of the colored race, the remaining $70,000 to be used for the collection of exhibits and for musical and other features.

On account of the rise in the price of silver, the Treasury Department will purchase only what bullion is needed to meet urgent demands when tenders are received today.

Negro Soldiers Will Not be Tolerated.

Fort Worth, Tex., Aug 15.—The presence of rioting negro troops at Brownsville will not be tolerated by Texas authorities and indications are the State troops will be ordered there at once for the protection of Texas people against drunken negroes. The killing of one man, fatal wounding of another, and attempted outrage upon a white woman constitute a chapter that will not be lightly condoned. The splintering of a white man's residence with rifle bullets, fired by negro soldiers, and all on account of the fact that the white saloons refused to serve drinks to negro soldiers, seems to be the incentive for the dastardly action of the negroes.

The Market.

News of the Day.

There is much excitement in Stanley county, N. C., over the discovery of oil and natural gas.

King Edward left for Germany yesterday and will confer with Emperor William on the Russian situation.

The trial of the first of the San Francisco insurance cases, involving an earthquake clause, has begun. The companies will demand a jury trial in each case.

Francis H. Smith, one of the first official reporters of congressional debates, died yesterday at Washington, Conn., where he was born March 1st, 1829.

A riot occurred at Cyclans, Spain, yesterday about local taxation. The mayor and an alderman were stoned and another alderman was stabbed. Civil guards fired on the rioters, wounding several persons.

According to the correspondent at Aden of the London Daily Mail, after devastating nineteen Ogaden villages, the Mad Mullah, inflated by his success, attacked the Sultan of Majertain's territory. Both sides lost heavily. The Sultan had nine near relatives and 700 warriors killed, but eventually repulsed the Mullah toward Illig and the coast.

The number of hotels in Washington will soon be augmented by the erection of a handsome fireproof structure on New Jersey avenue, opposite the new $3,000,000 office building of the House of Representatives, on Capitol Hill. The new hotel will be known as Congress Hall, and including the price of the site will represent an investment of $300,000.

Mr. Alex. Cloban, president of the West Virginia State and Berkeley County Horticultural Societies, says the peach industry of Berkeley county has been practically wiped out by the spread of "yellows" and "brown rot" among the orchards, and that every orchard in the county will be ruined unless immediate and heroic measures are taken to eradicate the disease.

When Mary Meyers, a young woman, was arraigned in the Baltimore Police Court yesterday, charged with stealing $46, the matron who searched her said she could not find the money. After she had been committed, the matron detected her drawing two $10 bills from a coil in her hair. The matron tried to take the money from her. The prisoner fought savagely, and when the janitress went to the assistance of the matron the Meyers woman crushed the two bills into her mouth and swallowed them. Then she laughed defiance at the matron.

One of the latest big undertakings in electric railroading is that of the Chicago-New York Electric Air Line to carry nothing but passengers between two big cities in ten hours, either way, and at a cost of $10. The line is 750 miles long, and is without a curve between Chicago and New York city. The route is 160 miles shorter than any route traversed by railroads between the cities named. Trains over the new road are to run at the maximum speed of 100 miles an hour and to average seventy-five miles an hour for the entire run. Trains will run every hour from the two cities over a double track.

Terrible Accident to a Boy.

Charles Hartley, aged 16 years, of Middleport, O., an employe of the John Robinson circus, was taken to the Railroad Y. M. C. A. Hospital at Hagerstown Md., to 3 o'clock yesterday morning badly mangled as the result of being run over by one of the circus trains on the Western Maryland Railroad near Chewsville shortly after midnight Monday. Both arms were crushed and his skull fractured. Surgeons amputated the left arm at the shoulder and the right arm at the elbow, but they have little hope of the young man's recovery.

Hartley joined the circus only 19 days ago. When the circus left Hagerstown early yesterday morning for Westminster Hartley was aboard. In passing from one car to another he stumbled and fell down upon the track, part of the train passing over him. It was more than two hours later that he was picked up by the the crew of a westbound freight train and carried to Hagerstown. During lucid moments at noon yesterday Hartley said he was a son of William Hartley, who is now living at Findlay, O. He said he realized that his condition was critical, and he asked for a minister. He was baptized by Rev. E. E. Pearce, of Washington Square Methodist Episcopal Church, Hagerstown.

Joke that Caused the Tragedy.

When the Kaiser Wilhelm II., which arrived in New York yesterday, was nearing Sandy Hook, Anna Held participated in a concert which was given in the saloon, and did a skirt dance. It gave offense to several clergymen on board. The ministers left the saloon and protested to the ship's officers. Florenz Ziegfeld, her husband, told the story of the visit by some of Evelyn Nesbit Thaw's friends on Stanford White. Ziegfeld went to Europe on the same ship that carried Hattie Forsythe, the chorus girl friend of Thaw's wife. In midocean Miss Forsythe received a wireless message stating that Stanford White had been killed by a man named Harry "Shaw." "That must be Harry Thaw," Ziegfeld says Miss Forsythe told him. Miss Forsythe then told of a visit some of her friends had made at White's studio," said Ziegfeld. "White was out, and the women left word that "Mrs. Harry Thaw had called." Later White, to acknowlege the supposed call, sent flowers and a note to Mrs. Thaw. They were seen by Thaw.

Boy Falls From Car Window.

On a Baltimore and Ohio Southwestern train yesterday Mr. and Mrs. C. O. Baringer, who with their son Russell, 4 years old, were en route to Pana, Ill., to visit. The child was looking out at the country when he lost his balance and fell from the window while the train was running 40 miles an hour. The father ran out on the steps and jumped from the train. He was thrown two or three somersaults, but landed right end up and rushed back to his boy, finding him only frightened. The train backed up, and crew and passengers thought to find both father and child either killed or crippled. The father was seated beside the road with the youngster held close in his arms, both badly scared. A physician examined them, but found only a few bruises.

In this state it is not necessary, to serve a five days' notice for eviction of a cold. Use the original laxative cough syrup, Kennedy's Laxative Honey and Tar. No opiates. Sold by W. F. Creighton Co., 401 King street.

Virginia News.

Flavius Josephus Keene, son of the late Newton Keene, of Sterling, Loudoun county, died recently at his home in Helena, Mont. Mr. Keene was 68 years of age.

The Virginia State penitentiary has adopted the Bertillon system of measuring prisoners for identification, and J. M. Nye, of the Federal prison, is there instructing Thomas R. Kemper, of the penitentiary force, who will have charge of the apparatus.

Steuart Battalie, aged 24 years, operator at Acree siding, on the Atlantic Coast Line road, near Petersburg, was killed by lightning yesterday afternoon. The young man was alone at the time of the fatal stroke, and when found was seated at his table with his hand on the key, as if in the act of sending a message.

Mr. S. L. Lupton, of Frederick county, treasurer of the State Horticultural Society, has issued the following bulletin: "From the most reliable sources obtainable at this date it is estimated that the apple crop of 1906 will be slightly under the average of the last ten years as to the quantity and slightly over the average as to quality."

Gen. Rufus A. Ayers, of Big Stone Gap, who, it was generally believed, would be nominated at the Ninth district democratic convention, at Bristol, tomorrow, to oppose Congressman Campbell Slemp, the republican nominee, in the contest for Congress, has addressed a letter to former District Chairman W. D. Smith, of Bristol, in which he says he cannot accept the nomination if it is tendered him.

The Old Point express on the Norfolk and Portsmouth Traction Line was struck by lightning immediately in front of the Hampton Roads Yacht Club at 9 o'clock last night during the terrific thunderstorm that prevailed throughout that section. The car was crowded with passengers, and, although the bolt passed to the rails, injuring nobody, there was a panic among the passengers. The motors of the big car were burned out.

Messrs. Davis & Davis, Washington patent attorneys, report the grant this week to citizens of this State, of the following patents, Eugene C. Bain, Christiansburg, churn; Pembroke W. Gwaltney, Smithfield, peanut steaming machine; George W. Harrington, Richmond, wax-paper cap for bottles; George W. Powell, Norfolk, curtain hanger and support; Arthur K. Wait, Roanoke, picture slide controller for stereopticons; Cleaver D. Liphart, Richmond, design for stove, and Dalleth Z. Merchant, Norfolk, design for smoking-pipe.

Attempt to Rob Dwelling.

A bold attempt to rob the dwelling of W. H. Eggborn, of Eggbornville, Culpeper county, and the subsequent burning by incendiaries of his large barn, took place at 2 o'clock yesterday morning. When the attempt to effect an entrance into the dwelling was made Mrs. Eggborn fired two shots at the intruders, who hastily beat a retreat. A short time after, the barn, only a short distance from the dwelling, was discovered to be on fire. Mr. Eggborn was away from home at the time in attendance at a meeting of the State Board of Agriculture, of which he is a member, and Mrs. Eggborn was alone in the house with two children. She saw and heard two men talking about what they could do if they got into the house when they were trying to break the door down. Failing in their purpose, after being shot at by Mrs. Eggborn, they fired the barn, which with all its contents was consumed. This is the boldest outrage that has occured in that section in a long time.

Texas Democrats.

With 700 delegates, the number being limited by law, and more than 4,000 spectators, what promises to be the most exciting State convention held by the democracy of Texas since 1892, when the party split and nominated James S. Hogg and George Clark for governor, opende at Dallas yesterday. The first session was devoted to the usual preliminaries of temporary organization and to some speech making. The first ballot for governor will probably be taken this afternoon and because of the peculiar naming system it is expected that such ballot will consume several hours. Senator Bailey received an ovation when he spoke yesterday. His speech mostly concerned the prospects of the national triumph of democratic principles which, he declared, are excellent. He said that it has been determined already who the nominee is to be, meaning Mr. Bryan, and the declaration evoked wild applause.

Murderous Assault.

An unknown man entered the home of Henry Davis, a prosperous farmer, near Baldwin, Florida, at 2 o'clock yesterday morning, struck him on the head with an axe as he was asleep beside his wife, then made a desperate attack on Mrs. Davis, who fought with the strength of a giantess, screaming lustily meanwhile for help. Finally other members of the family were aroused and the man escaped through a window. Mrs. Davis was smeared from head to foot in the blood of her wounded husband, who is in a critical condition. Mrs. Davis also collapsed after her desperate fight. A posse of neighbors has been out all day with dogs hunting for the fiend without picking up the trail. Mrs. Davis says she could not tell whether the man was black or white. The entire neighborhood is greatly excited and threatens speedy justice if the man is captured.

Portends a Mild Winter.

Capt. Jensen of the fruit steamer Admiral Schley which arrived at Boston yesterday brought news of the erratic movement of the Gulf Stream. He says that ordinarily the stream runs north from latitude 34 degrees to latitude 38 degrees, where it turns to the east and is lost to vessels bound for Boston. Now it is running strongly from latitude 34 degrees to latitude 40 degree 15 minutes, or within twenty-five miles of Nantucket south shoal lightship. Capt. Jensen said the change in the course of the stream is thought to portend a mild winter.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists. 50c and $1.00. Trial bottle free.

Today's Telegraphic News

Riot on B. R. T. R. R.

New York, Aug. 15.—There was a riot on the Brooklyn Rapid Transit railroad this morning at Kensington, which developed over the assaults made on passengers who refused to pay an excess fare at Coney Island. Before the riot was quelled one man was badly injured and several others were placed under arrest. Two hundred citizens, fifty policemen and several employes of the company took part in the fighting.

General Superintendent D. M. Smith of the Brooklyn Rapid Transit, had a narrow escape with his life early today. Smith had caused five cars on the Culver line, loaded with passengers who had refused to pay the second fare, to be side tracked at Kensington. The cars had been there an hour, when Smith learned that three women who had paid two fares were on one of the cars. In his automobile, Smith ran down the line of cars and took off the three women passengers. He sent a man with them to stop a train bound for New York, and put them aboard.

The crowd learned that the man in the automobile was Smith. Rocks and all sorts of missiles were hurled at the obnoxious official and a rush was made for his automobile by the furious passengers. Forty policemen went to the rescue of Superintendent Smith and lining up around his automobile, drove back the crowd. Smith finally got away in his automobile.

The company is still persistent in its attempt to collect the fare to Coney Island, and assaults and brutalities to passengers who refuse the payment continue. On one line the company shunted into separate "L" cars all who refused to pay the second fare and then ran these cars onto sidings at Kings Highway and at the Gravesend race track. Nineteen cars filled with passengers were on the Gravesend siding this morning. The passengers enjoyed themselves wrecking the cars until there was nothing breakable left in them. Police were on guard to see that the passengers were not assaulted, but they did not interfere when the passengers took their revenge out of the car fixtures.

For revenge on the public for protesting against the payment of the illegal fare, the Rapid Transit Company discontinued the running of all trolley cars to Coney Island during the night. From last night until this morning not a trolley car was sent beyond Sixty-fifth street. Thousands of persons who would gladly have paid the 10-cent fare were thus compelled to walk long distances to their homes.

New York, Aug. 15.—Acting Mayor McGowan and General Manager Calderwood, of Brooklyn Rapid Transit, have agreed that the road shall exact the ten cent fare, but issue rebate checks for five cents, which, if the Court of Appeals decides against the ten cent fare, will be redeemed by the company.

River of Life.

Atlantic City, Aug. 15.—Because the "River of Life" which Dr. Schmidt, of Egg Harbor, has dammed for the use of his patients rushes down and washes workmen off the stages on which they are working, Joseph Brown, bridge contractor, threatens to throw up the job of spanning the Union creek, just below Egg Harbor. He has registered an appeal with the Board of Freeholders for release. Brown asserts he cannot finish the work because of the periodical flushing caused by the overflow of water which, Schmidt says, has preserved him healthy for 135 years. The doctor doesn't look his age.

Dr. Schmidt says he discovered in a pool in the creek "neutral" water that possessed the characteristics of the fountain of youth searched for by Ponce de Leon and others. The doctor proceeds to turn his discovery to financial account by erecting a sanitarium and taking odd jobs of handing out life eternal to all who would come. The water in the pool was not deep enough to cover more than half of the bodies of his patients unless they stood on their heads, and after purchasing both sides of the stream Schmidt dammed it up to make it deeper. On each morning at a certain hour the believers wade into the deepened pool for their ablutions. At the finish of the daily dose of life everlasting the water is allowed to flow off with a rush, and this, says Contractor Brown, interferes with the work of building the bridge abutments below. The matter may be settled by the watercure patients giving up their baths until the bridge work is finished.

Proposed Anti-Bucket Shop Legislation.

Birmingham, Ala., Aug. 15.—It is now almost a certainity that the recent defalcation of Paying Teller Alexander R. Chisholm, of the First National Bank, will result in the adoption by the coming legislature of an anti-bucket shop ordinance similar to the one recenty adopted by the Georgia legislature.

The latest development in the Chisholm case is the attachment of $18,854, which H. G. Smith had on deposit in the First National Bank. Smith was the local representative of Forster & Company, one of the brokerage houses with which Chisholm did business. The defaulting teller again put up in the Hillman Hotel last night in the custody of deputy United States marshals, having been unable to get the required bonds of $10,000. Preliminary examination is set before Federal Commissioner Watts here on Monday.

Horse Thief Escaped.

Hampton Junction, N. J., Aug. 15. Fifty citizens, headed by Mayor Krauss, of this place, and the chief of police of Easton, Pa., chased a horse thief through miles of open country at dusk last night. The horse which was stolen Monday night from Simon Fottes of Catasauqua, Pa., was traced here by the Easton chief of police. The horse posse overtook the thief at the outskirts of the woods south of this place just after he had unhitched for the night. The thief saw them coming and ran into a cornfield and escaped, although a volley of revolver shots was fired at him. The rig was recoverred.

Victory for Odell.

New York, Aug. 15.—State Chairman Odell, won a victory in the meeting of the republican State committee today by the narrow margin of one vote. Odell's plan for an early convention was adopted, and he was able to defeat a resolution offered by the friends of Gov. Higgins to name Lieut. Gov. Bruce as temporary chairman of the coming convention. The date and place of holding the convention will be September 25 at Saratoga. This is the same day for the democratic State convention which will be held at Buffalo.

Edward and William Meet.

Cronberg, Prussia, Aug. 15.—King Edward arrived here from London at nine o'clock this morning for the long delayed conference with Emperor William. The meeting between the monarchs was most enthusiastic, especially upon the part of the Kaiser. King Edward wore a frock coat. The Kaiser, wearing the uniform of a field marshal, met him and so warmly embraced and kissed him that King Edward's hat was nearly knocked off. There was a pretty scene in connection with the meeting. All the local school children, wearing white dresses and carrying bunches of flowers, were drawn up near the station and enthusiastically cheered the monarchs.

Almost immediately after his arrival King Edward and the Kaiser entered an automobile and started for Friedrichshoff, the route being lined with soldiers. As the automobile began to move all the church bells in the place were set in motion.

The two monarchs lunched at Friedrichshoff and they then entered into a conference at which the German Foreign Minister von Tschirsky and Sir Frank C. Lascelles, the British Ambassador to Germany, were present.

Evidences of Discontent.

St. Petersburg, Aug 15.—Fresh evidences of discontent among the troops are furnished by the soldiers in trans-Caucasia who are on the point of rebellion. Late advices indicate that the situation is serious, and it would not be surprising if an open mutiny should break out.

The garrison at Tiflis is badly affected, and dispatches received today say that discontent is spreading. Even the Cossacks have rebelled to the point of refusing to do police duty, and have made threats against their officers. A number of arrests have been made among the soldiers.

The review of the troops at Krasnoye-Selo yesterday by Czar Nicholas passed off without incident. The baby heir to the Russian throne, the Czarevitch, was with his father. Just as the review started the child began to cry, so the Czar took the little prince in his arms and held him beside him in the saddle amid the laughter and cheers of the troops.

Grand Army of the Republic.

Minneapolis, Minn., Aug. 15.—Impressive and solemn was the fortieth grand parade of the remaining comrades of the G. A. R. today. The realization came to the thousands of spectators as the veterans hobbled by that the end of the parade feature in the future is not far distant. Many were the pitiful sights as the line deployed in straggling fashion through the streets. Weather conditions were ideal for the "great walk." Over the heads of the veterans as they marched along countless flags snapped in the breeze and their lines passed between buildings gorgeously decorated in their honor. The plaudits of the crowds were in their ears, the consciousness of glory won by valor were in their hearts, and they bore with them the knowledge of the world's approval for work most nobly done. The chief marshal of the parade was ex-Governor Vansant.

Vandals at Church and Altar.

Scranton, Pa., August 15.—Vandals burglarized the Greek Catholic Church, at Mayfield, early yesterday morning, their work surpassing in deviltry any crime of the kind recorded in this region, which just now seems overrun with burglars. They scattered the priest's vestments all about the sacristy, the sacred chalices were taken, the altar desecrated and stripped. Not an article that had the semblance of value was left in the church except the vestments. The contents of the poor box, the small silver ornaments on the altar and the chalice containing the Blessed Sacrament were carted away. In all the valuables stolen were worth over $1,000. Father Chogovitzelf is prostrated over the desecration of his church. The work was done while he was in Scranton taking part with dignitaries of the church in the consecration of a cemetery.

Assaulted by a Negro.

Atlanta, Ga., Aug. 15.—Mrs. Richard Sembree, aged 35, wife of Richard Sembree, a prominent citizen of West Lake, a suburb of Atlanta, was knocked down by a negro this morning about seven o'clock, and in a fight for her honor had her face badly beaten and her clothes torn into ribbons. She was crossing a clump of woods en route to a neighbor's when a negro sprang at her from behind and bore her to the ground. She attempted to scream, but he caught her by the throat, his finger nails ripping her skin. She fought desperately and her summer dress was torn to shreds. The negro, becoming frightened, fled before accomplishing his purpose. The city and county police were notified and a man hunt with bloodhounds, the second within three weeks, is on in Atlanta. The last negro caught for such an offense was shot to death.

Mysterious Package.

New York, Aug. 15.—A mysterious package, believed to be a bomb, was found this morning on the second floor of the five story tenement occupied by Italians at No. 217 Bowery. The building is owned by Charles R. Sarvolo, a real estate agent. He says that he has no enemies. The detective learned that about a month ago Cuolo Cotella, who at that time occupied the apartment in which a Mrs. Dolge is now living, received a black hand letter threatening death unless $500 was forthcoming. Cotella became frightened at the demand and two weeks ago with his family sailed for Italy. It is the theory of the police that the bomb was intended for him.

Dividends Declared.

New York, Aug. 15.—The Standard Oil Company, of New Jersey, has declared a dividend for the quarter of $5 a share, making the dividends declared so far, this year, $30 a share. The previous dividend, which was paid July 15 last, was $9 a share. At this time in 1905, a dividend of $6 a share was declared.

Boston, Aug. 15.—The Calumet and Hecla Mining Company has declared a dividend of $20 a share, an increase of $5 a share over a previous payment, which was made June 23 last.

Naval Demonstration.

Tangier, Morocco, Aug. 15.—As a consequence of the anti-French agitation which has been carried on among the Moors in certain sections of the country, a naval demonstration on the part of France is now in progress here. The French Northern squadron, consisting of seventeen vessels, arrived here today, and displayed themselves in the harbor. The purpose of the visit is to impress upon the Moors France's naval power.

Found Unconscious.

Philadelphia, Aug. 15.—Charles N. Hill, of No. 1730 Columbia Place, Allegheny, Pa., was found unconscious at 17 o'clock this morning in the post-office areaway, at Ninth and Market streets. Blood was flowing from his head, and it was seen at a glance that he was seriously hurt. An ambulance was summoned and he was removed to the Jefferson Hotel. A diagnosis showed that his skull had been fractured. At 9 o'clock an operation was performed, the fracture being trephined. That Hill fell into the passage way that is at least fifteen feet below the street surface is the conclusion of the police, though he has been unable to explain how he met with the accident. It is supposed he was sitting upon the iron railing and lost his balance. His condition is serious.

Miners' Convention.

Birmingham, Ala., Aug. 15.—The regular business session of the miners convention for District No. 20, comprising all the Alabama coal fields, and representing 20,000 coal miners, opened here this morning. Yesterday afternoon was devoted to organization. The meetings are being held behind closed doors, but the belief is that the strike which has existed on the part of the union miners for two years will be abated or that an open shop will probably be favored. President Edward Flinn, of Birmingham, is presiding at the meetings. About 150 delegates are in attendance.

In Hands of Mob.

Spartanburg, S. C., Aug. 15.—A mob of 1,000 persons have Bob Davis, the negro who they have been hunting since yesterday morning for assault to attempt rape on Miss Brooks, aged 22, at Greenwood. It is hourly expected that he will be lynched. The sheriff is on the scene to prevent a lynching.

Killed in Family Feud.

Lexington, Ky., Aug. 15.—The Arnet and Risner families on one side and the Gullett family on the other had a pitched battle in Megoffin county Monday. Clay Gullett and Warnie Arnet are dead; James Risner, John Gullett and Leander Risner were severely wounded. Some 20 men were engaged in the battle, which took place at the home of one of the Risners. Clay Gullett and Leander Risner each claimed to be Megoffin county's champion with the Winchester rifle and they arranged a match. Their friends from far and near came, bringing their guns. While the shooting match was in progress, trouble arose in the house between Warnie Arnet and John Gullett over one of the Risner girls. Arnet ran from the house stabbed in the heart, dying before he reached the gate. The old feud feeling was set aflame and instantly guns began to pop, and men and women and children ran in every direction. Warrants have been issued for the arrest of several of the men involved.

Declares System Criminal.

Alton, Ill., Aug. 15.—Attorney General Hoadley, of Missouri, in an address here declared that the Standard Oil Company system of business is as criminal as the business of a burglar, or pickpocket, and that justice requires that every State legislature enact and enforce laws which will meet out the same justice to great corporations carrying on business in restraint of trade unlawfully, as to the man who robs a house or picks a pocket. Public sentiment, he declares, would not countenance as an atonement for unlawful acts, the giving to colleges and universities vast sums which are but a small tithe of that wrung from the people by unlawful business methods. The burglar might as well expect to secure absolution by giving a portion of his "swag" to charity. John D. Rockefeller, he declared is responsible for a system of commercial bad faith.

New York Stock Market.

New York, Aug. 15.—The market was full of heavy buying orders all through the first hour and prices showed material gains in almost all the issues traded in. Reading was prominent, advancing to 134½. The gains made in the various issues were not large, but were important because brokers started them at already high levels and demonstrated that stocks were being bought without much regard for price.

The Hospital Benefit.

A meeting of the committee having in charge the recent benefit for the Alexandria Hospital, July 30th, 1906, at Luna Park, met at the Mayor's office this morning and received reports from the sub-committees.

The treasurer, Mr. Julian T. Burke, reported that the net profits of the day amounted to $612.68. This amount was ordered paid to the Hospital management. A resolution thanking the Alexandria Light Infantry, the members of Osceola Tribe of Red Men and the Friendship Veteran Fire Association for their participation in the programmed events, was passed and ordered published in the Gazette, as was also the thanks of the committee to the Sunday school superintendents for their efforts in interesting their scholars, and to the management of Luna Park, who, through their manager, Mr George E. Gill, did everything essential for the comfort of all and the entertainment for the young. The committee from Alexandria was as follows: Mayor Paff and Messrs. A D Brockett, J Y. Williams, C. B. Marshall, J M. Hill, Worth Hulfish, P. J. Murphy, E. E Downham, C C Carlin, M. B. Harlow, J. T. Sweeney, J. T. Burke, George T. Caton, Joseph T. Colvin, James F. Peyton, Lucien Smith, Richard Carne, L. H. Thompson and Alexander J. Wedderburn.

Strike at New Depot.

Union men to the number of 200 laid down their tools yesterday afternoon at the new union depot in Washington and walked out. Building operations were brought to an immediate standstill, and for a time it appeared that the work on the huge structure would be delayed indefinitely. The trouble came at 2:30 o'clock, when it was discovered that a subcontractor, engaged in placing roofs on the umbrella sheds, was employing three or four men who do not carry union cards. The five or six union men employed on this job refused to work with the nonunion employees, and a sympathetic strike was immediately instituted among the bricklayers, stone masons, structural iron workers, hoisting engineers, and hod carriers. Upon the promise of the subcontractor that the nonunion men will be kept away from the work until after Thursday, at which time the dispute will be arbitrated, the striking men agreed to appear for work this morning, and company officers anticipate no further trouble.

Police Court.

[Justice Julius Pelton presiding.]

The following cases were disposed of this morning:

Philip Carter, colored, arrested by Officer Nicholson charged with killing geese belonging to Jeannette Carter, colored, was dismissed.

Joseph Kelly, arrested by Officers Bell and Jones charged with vagrancy, was dismissed upon promising to leave the city.

W. J. Howard and Michael O'Neal arrested by Officer Bettis charged with fighting, were fined $5 each.

Albert Brown, colored, arrested by Officer Arrington charged with fighting, was fined $5.

Two female residents of Henry street, arrested by Officer Bettis charged with maintaining nuisances on their premises, were dismissed upon promising to abate the same.

A young man, arrested by Officer Nicholson charged with using abusive language, was dismissed and the complainant fined $10.

Personal.

Mr. J. R. Travers left today for Colonial Beach to spend a few weeks.

Rev. C. E. Woodson and family of Norfolk are visiting friends in this city.

Miss Mabel Hunter, of Woodlawn, has gone to Colonial Beach for two weeks.

Mr. Julian Knight and family have returned from Colonial Beach.

Mr. and Mrs. R. E. Knight have returned from Colonial Beach.

Mr. C. M. Schwab and wife, with their little daughter, Virginia, have gone to Atlantic City for a two weeks' sojourn.

Mr. Frank T. Mander has been appointed Tiler of both of the Masonic lodges of this city in place of the late W. A. Moore.

Mr. Edgar Warfield, jr., left here last night for Philadelphia, where tonight he will marry Miss Anne Evelyn Stearns, of that city.

Accused Dismissed.

Among the cases before Justice Pelton in the Police Court this morning was that of Philip Carter, colored, who had been arrested by Officer Nicholson at the instance of Jeannette Miller, colored, charged with killing geese belonging to the plaintiff. The latter in her statement endeavored to fasten the charge upon a white woman, a neighbor, rather than upon Carter. She said that seven geese belonging to her had been poisoned and she charged the white woman with being inimical to her because the complainant refused to do something she had requested. The white woman in her defense said the colored woman, after the geese had been poisoned, visited a fortuneteller and that the "revelations" of the latter had led up to Jeannette's action. There was no evidence against the woman or Carter, and the justice dismissed the accused.

Fined for Fighting.

A few nights ago a fight occurred in a Gibbon street saloon between two negroes, Albert Brown and Logan Smith. Officer Young, upon hearing of the trouble, repaired to the saloon and later arrested Smith and he was fined $5 in the Police Court next morning. Brown managed to dodge the police until last night when he was arrested by Officer Arrington. He was arraigned in the Police Court this morning and fined $5.

W. J. Howard and Michael O'Neal were arrested yesterday by Officer Bettis charged with fighting in the northern section of the city last Sunday. They were placed in the dock in the Police Court this morning and fined $5 each.

A called meeting of the Columbia Fire Company will be held tonight.

City Council.

There was a brief meeting of the City Council last night.

A quorum failed to appear in the Board of Alderman; hence no joint meeting could be held for the purpose of opening bids for the franchise of west Cameron street.

BOARD OF ALDERMEN.

At half-past eight o'clock President Sweeney and Messrs. Hill, Simpson and Curtin only had appeared in the chamber, and after the roll had been called and the president declaring that a quorum was not present, the meeting was adjourned until tonight.

COMMON COUNCIL.

The board was called to order shortly after 8 o'clock with a bare quorum present, but during the evening eleven members were in their seats.

The application of Mr. R. L. Myers for permission to roof over his stable yard was granted on a favorable report from the street committee.

The sum of $200 was asked for improvements on Patrick street, from Princess to Oronoco and referred, as was another improvement application on Henry street.

The Health Officer submitted a request for an appropriation for disinfectants and he also submitted a communication asking that certain changes in the ordinance governing the city health department be made. The papers were referred.

Mr. R Gibson asked leave to make an extension of his store window at the south east corner of King and Alfred streets.

Mr. Leadbeater said that these windows seemed to be beyond the legal limit. After some debate the petition was granted, provided the extension complies with the building regulations.

Mr. Hellmuth said some members were in the habit of signing petitions for improvements before the matter was brought into Council and frequently these members did not fully realize what requests were being made, and the Chair urged members not to sign agreements to vote for matters before they are brought into the Council.

After a short recess, the Chair announced that this was the night for opening the bids for the right of way at the west end of Cameron street and added that the bids must be opened in joint session.

Mr. Williams was deputed to ask the attendance of the Aldermen. He soon returned and reported that the Aldermen were without a quorum.

The Chair announced that he would receive any bids offered and hold them unopened till a joint meeting of Council.

Mr. J. R. Caton then delivered to the chair the proposal of the Washington, Alexandria and Mount Vernon Railway Co., for the franchise of the right of way over upper Cameron street.

The chairman asked if there were any other bids to be presented and receiving no response directed the clerk to take charge of the one bid and hold it sealed till the next meeting of Council.

The board then adjourned.

Council will meet again tonight.

Return of Excursionists.

The members of the Ramblers' Club which recently left this port on the schooner Laurenia Bramble, Captain James Elliott, have returned, greatly pleased with their outing. The club spent their vacation at Colonial Beach, where they mingled with the visitors to that resort and made many friends and acquaintances. In the party were Messrs. Samuel Elliott, Ervin Roberts, George Roberts, George N. Proctor, Jas. Deane, Howard Hardy, John Langley, Clarence Tyler, Albert McCuen, Henry Kicherer and Milford Selt. Mr. Averiet Roberts Head Chef, with Messrs. Mercer Langley and Harvey Lunsford as assistants.

On a Visit to His Old Home.

Mr. Wm. Lee Lewis, a Confederate veteran of Co. E, 17th Virginia Regiment, after an absence of 39 years was in the city yesterday, calling upon his old comrades and friends. Mr. Lewis, who now resides in St. Louis, was accompanied by his son, Chas. M. Lewis, of that city, and his niece, Miss Bessie Hugurly, of Washington.

Accident to Steamer.

The ferry steamer Woodbury had her rudder injured about 11 o'clock this morning. She was withdrawn from the line and placed in the dock at the foot of Prince street. Repairs were commenced immediately and it is believed they will be completed in time for the steamer to resume her trips tomorrow.

Resolution of Thanks.

The Citizens' Committee having in charge Alexandria Day at Luna Park, July 30th, 1906, for the benefit of the Alexandria Hospital met at the Mayor's office this morning, Mayor Paff presiding, and passed the following resolution:

Resolved, That the thanks of the Citizens' committee, having in charge Alexandria Day at Luna Park, July 30th, 1906, for the benefit of the Alexandria Hospital, be tendered the following through the Alexandria Gazette:

The Alexandria Light Infantry, the members of Osceola Tribe of Red Men and the Friendship Veteran Fire Association for their participation in the programmed events.

Mr. Joseph Colvin, superintendent of the Electric Railway, for the excellent train service.

Mr. George E Gill, manager of Luna Park, for his uniform courtesy in looking after the free entertainment of the children and the comfort and safety of all.

The pastors of all churches and superintendents of Sunday schools for interesting their scholars in the day and,

To those of our citizens who by work or presence contributed to the success of the day.

Official.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Alderman of the city of Alexandria, Va., held August 14, 1906, there were present:

J. T. Sweeney, esq., President, and Messrs. Hill, Simpson and Curtin.

After the board had been called to order the clerk called the roll when the President declared that a quorum was not present and the board adjourned until Wednesday, August 15, 1906, at 8 o'clock.

J. T. SWEENEY, President.

COMMON COUNCIL.

At a regular meeting of the Common Council of the city of Alexandria, Va., held August 14, 1906, there were present: Hubert Snowden, esq., President, and Messrs. Leadbeater, Risheill, Williams, Brill, Pollard, Hellmuth, Harrison, Uhler, Marshall and Spinks.

A resolution appropriating $300 to lay cobble gutters on Patrick street, between Princess and Oronoco, was referred to the Committee on Streets.

A resolution appropriating $40 for a gutter on the north side of Gibbon street from Henry street east was referred to the Committee on Streets.

Upon recommendation of the Committee on Streets permission was granted Robert L. Myers to use rubberoid roofing over stable yard at the corner of Cameron and Pitt streets, providing there is no objection from adjoining property owners.

Upon petition of Richard Gibson permission was granted to make alterations to building on the southwest corner of King and Alfred streets, providing the work conforms to the building laws of the city.

A communication from E. A. Gorman, Health Officer, requesting an appropriation of $50 for disinfecting purposes, was referred to the Committee on Finance.

A communication from E. A. Gorman, Health Officer, submitting certain changes to the health laws of the city, was referred to the Committee on General Laws.

The Board of Aldermen was invited to convene in joint session for the purpose of receiving bids for the railway franchise on Cameron street west of Payne street. The board was informed that the Board of Aldermen had no quorum and was not in session. Mr. James R. Caton submitted a sealed bid for the railway franchise on Cameron street from the east side of Payne street west in behalf of the Washington, Alexandria & Mount Vernon Railway Company. The bid was placed in the hands of the clerk sealed until the next meeting of Council.

The board then adjourned.

Grand Aerie.

The eighth annual convention of the Grand Aerie of the Fraternal Order of Eagles opened in Milwaukee yesterday morning, the delegates numbering about 1,500. The sessions are executive.

There promises to be an exciting contest throughout the week for the various offices. For grand worthy president, Edward Krause, of Wilmington, Del., and Wood A. Carr, of Uniontown, Pa., are the most active candidates.

Congressman Theodore Bell, of California, seems to have little opposition as grand worthy vice president. For grand secretary, A. E. Partridge, of Kansas City, Mo., has Robert Minnehan, of Chicago, as an opponent. Grand treasurer Frank E Hering, of South Bend, Ind., is opposed by C. A. Stephens, of Cedar Rapids, Iowa. The contest for the next place of meeting seems to lie between Norfolk, Va., and Omaha.

The report of Grand Secretary A. E Partridge shows that the order since June 1905, has added 362 aeries, lost 20 and now has 1,364 in good standing. The membership has shown a net gain of 42,368, now numbering 232,671. During the same period the receipts of local aeries amounted to $2,985,212, and their disbursements to $2,780,416, of which $592,000 was paid out for relief.

To Have History of Virginia Counties.

If the efforts of Hon. J. Taylor Ellyson, Governor of the Department of History, Education and Social Economy of the Jamestown Exposition, are successful, the history of the people and the products of the counties of Virginia will be presented to the world in the most complete shape in which it has ever been prepared. Mr. Ellyson is now writing to the members of the boards of supervisors of all the counties in Virginia, urging them to prepare a history of their respective counties and many have already indicated their purpose of having such work done.

If all can be induced to prepare these histories, they will be bound in one or more volumes and will form as complete a history of the people and products of the counties of Virginia as can be got together. At this time there is nothing of the sort in the country histories, and the work would supply information that is not found in any available form. In the plan proposed, each county, through its local historian, can make a much better presentation than any one man who might undertake the work for all the counties.

Banks and Advertising.

Within a comparatively recent period we have noticed a growing tendency on the part of banks, trust companies and other financial institutions to advertise. Nothing could be better. The best possible insurance to a bank or trust company against impairment of confidence, with resultant loss and panic, is publicity. Suspicion travels in the train of secrecy; it fades under the searchlight of publicity. Indeed, in a large sense, bank "advertising" is synonymous with bank "insurance," for it adds to the bank's stability by its new business. It solidifies the old by the addition of the new accounts, and enables the institution to present a better front to the public and reap its reward in increased confidence. Without this asset, a bank must fail; with it, success can only be limited by the bank's physical environments. The merchant and trader know the worth of an advertisement, and would as soon discontinue in business as cease to advertise, and bankers are now embracing the same creed. As an investment they will find advertising safe and profitable, with all elements of speculation eliminated.—[Wall Street Summary.

Vitality A-plenty In Monastic Life.

Oh, my friend, you may prate of wasted lives and idleness and the parasites of the church and all that sort of thing, but I fear it is little you know about the vital forces that are feeding and sustaining and strengthening it every hour of the four and twenty.

If I could show you the letters that came to me from that friar in the south of Europe, letters bubbling over with health and happiness and the sweetest resignation, and then show you a photograph of a young man in tonsure and cowl, with the calmest, clearest eyes that ever looked out from under a placid brow; if you could have felt of his knotted biceps and known the grasp of his small but powerful hand and heard the peal of his hearty laughter—for his spirit was bubbling over even there in his serene solitude—you would perhaps begin to understand why the monastic life, in spite of its tranquillity, never stagnates and why the more you contend against the spirit of the religious orders the more they live and thrive.—From "A Fin de Siecle Friar" in National Magazine.

Weighing a Hair.

"To number the hairs of your head is not a very difficult task," said the refiner of the assay office to a friend recently. "A very close approximation can be made by weighing the entire amount of hair on a man's head and then weighing a single hair. The weight of the former divided by that of the latter will, of course, give the desired number. If you will pluck out a hair from your beard I can show you." A long and straggling one was accordingly detached, the refiner putting it on a scale which was inclosed in a glass case and graduated with extreme accuracy. With little weights of aluminium he piled up one arm until an equipoise was reached. The hair weighed three kilograms. "If you reduce this to figures," said the speaker, "it would require 8,000 hairs to weigh one ounce, and, supposing you have six ounces, you have 48,000 hairs."—New York Herald.

Picking Peanuts.

The seeds of the peanut are planted like beans, and when the vines have come up and the nuts are ready for harvesting the farmer takes a cultivator especially made for that purpose and starts down the long rows. On either side of this cultivator are two long knives which sink into the ground sufficiently to cut the taproot of the vine. The same process is gone through with on the other side of the vine. The main root being thus severed and the ground loosened, the vines are lifted into shocks like corn. They are cured by allowing them to stand in the sun for about ten days, when a colored woman and children are sent into the field to pick the nuts from the vines. An average picker will pick about five bushels a day, for which he is paid at the rate of 10 cents a bushel.

Material For 1,200 Eggs In a Man.

German scientists announce that the material for a man weighing 150 pounds can be found in the whites and yolks of 1,200 hens' eggs. Reduced to a fluid, the average man would yield ninety-eight cubic meters of illuminating gas and hydrogen enough to fill a balloon capable of lifting 155 pounds. The normal human body has in it the iron needed to make seven large nails, the fat for fourteen pounds of candles, the carbon for sixty-four gross of crayons and phosphorus enough for 820,000 matches. Out of it can be obtained, besides, twenty teaspoons of salt, fifty lumps of sugar and forty-two liters of water.

Leading Authority.

"Mister," said the sad faced individual who had sneaked in the big skyscraper, "can I sell you the great 'Encyclopedia of Sporting Events?'"

"Nope," replied the busy man. "We have one encyclopedia of sporting events already."

"That so? Where do you keep it?"

"Why, we try to keep him on that stool over there, addressing envelopes. I mean the office boy, and he is an encyclopedia on everything from a game of skiddoo to the Olympic games."—Chicago News.

Aroused Her Suspicion.

"Mamma," asked the little girl, "has Mr. Brown got heart disease?"

"I don't know, my child. Why do you ask?"

"Well, it says in my new book that faint heart never won fair lady, and when I saw Mrs. Brown I made up my mind that something must be wrong with his."—Toledo Blade.

To Tell Eggs' Sex.

"It is usually possible," said a chicken farmer, "to tell from an egg's look whether it will hatch out a rooster or a hen. The egg that will hatch out a hen is, you see, quite smooth at both ends. The one that will give a rooster is wrinkled at the point. Sometimes this rule fails, but as a general thing it holds good."

He Couldn't Run Off With It.

The freaks were forming a club. The elastic skin man had the chair.

"Next in order," said he, "are nominations for treasurer. Has any one"—

The wild man of Borneo rose.

"I nominate," he said, "the legless wonder."

He Was in Trouble.

"I was in trouble, but found a way out of it, and I'm a happy man again, since Dr. King's New Life Pills cured me of chronic constipation," says E. W. Goodloe, 107 St. Louis St., Dallas, Tex. Guaranteed satisfactory. Price 25c at E. S. Leadbeater & Sons' drug store.

Waterman's Ideal Fountain Pen

Stop Borrowing

If you had a Fountain Pen in your pocket you would not be obliged to borrow a poor, scratchy steel pen when you wish to write.

Waterman's Ideal
Fountain Pen
is always ready and is indispensable to every business man.
